

CONFIDENTIAL

4 November 1981

MEMORANDUM FOR: Chief, Policy and Plans Group

FROM: [REDACTED]

Chief of Operations (PTAS)

SUBJECT: Items for the DDA Log [REDACTED]  
(29 October-4 November 1981)

\*

⑤. A member of the Safety Group completed the noise survey of the "SAFE PROJECT" test areas in the Headquarters Building. All the readings were well below the 85dBA maximum level used by the Agency for an 8-hour exposure. [REDACTED]

⑥. Three Capitol Hill security support assignments were completed. Security support was coordinated in regard to testimony by the DDCI given to the Senate Foreign Relations Committee and for testimony by two National Intelligence Officers before the Senate Appropriations Defense Subcommittee and the Senate Select Committee on Intelligence. [REDACTED]

⑦. Three non-NFIB surveys were completed in connection with certifying three locations for the receipt and storage of Sensitive Compartmented Information. These surveys were completed at the Department of Labor, the White House Communications Agency, and the Office of Policy Development in the Executive Office of the President. [REDACTED]

\*

\*⑧. As of Saturday afternoon, 31 October, the final elements of the Office of Development and Engineering had been moved from their offices in the Chamber of Commerce Building to their new location in the [REDACTED] Building. This completes the move of over 600 work stations, several hundred safes, and several boxes of classified material from various locations in the Headquarters complex to the [REDACTED] Building. This major move was accomplished without incident. [REDACTED]
